

## POWERCATS APLENTY (continued)

### HORIZON PC68

The latest addition to Horizon Power Catamarans' popular series of powercats, which range from the entry-level PC52 to the flagship PC74, is the new PC68 (68' LOA, 24' 6" beam). The spacious four-stateroom model is offered with the option for an open salon or on-deck master layout. Additionally, customers have the choice of an open bridge or enclosed skylounge. The boat deck and skylounge comprise abundant seating, a dayhead with shower, grill station, freezer, and a bar to port with fridge and icemaker. Forward of the helm, an innovative raised hatch and door access a Portuguese deck with convertible hi-lo tables. Twin MAN 850-hp engines guarantee a quiet, stable, and efficient ride. Price: Starting at \$5.25 million, [horizonpowercatamarans.com](http://horizonpowercatamarans.com)

### World Cat 260 CCX

The World Cat 260 CCX (25' 6" LOA, 9' beam) is compact but packed with features. A wraparound U-lounge up front transforms from comfort to casting. A 50-inch aft bench integrated into the transom adds seating or can fold up to create another casting area. Add a 30-gallon livewell, a 120-quart insulated fish box, and plenty of rod holders in the gunwale and side console, and you have a mighty fishing machine that can also get into waters as shallow as 14 inches. Twin seats tuck up under the hardtop with the helm offset to port. For long trips, there's a head inside the console, and max power comes from twin 200-hp outboards. ### Xquisite 60 Solar Power

Based in Cape Town, South Africa, Xquisite was initially focused on ocean-going sailing cats, but now adds powercats to its line with the delivery of the first Xquisite 60 Solar Power in December (shown) and a new Xquisite 40 in 2024 designed by Dixon Yacht Design and built in Portugal. The Xquisite 60 (60' 8" LOA, 26' 7" beam) has transoceanic range with the e-Motion parallel hybrid system and twin Volvo D8-IPS700 engines that can save up to 65 percent on fuel and carbon dioxide emissions. She features expansive living spaces above and belowdecks with centerline helms on the sky deck and in the salon. Luxury, comfort, and innovative technology will help spread your wings.
